Hongyi Wang

wanghongyi@stu.pku.edu.cn | wanghongyi-logic.github.io

Education

Peking University — M.A. in Logic June 2027 (expected)
Supervisor: Yanjing Wang. GPA: 3.75/4.0.

Peking University — B.A. in Philosophy (Philosophy of Science and Logic) June 2024

Peking University — B.Sc. in Mathematics and Applied Mathematics (Double Degree) June 2024

Current Research Areas

Modal logic; dynamic epistemic logic; knowing value logic.

Publications and Manuscripts

Public Announcement Logic with KvP operators
Hongyi Wang. *Indian Conference on Logic and its Applications (ICLA 2027).* Accepted.

Knowing-Value Logic with Successor Arithmetic
Hongyi Wang. *Advances in Modal Logic (AiML 2026).* doi:10.4204/EPTCS.447.41.

Knowing Value Logic with Background Theories
With Yanjing Wang. Manuscript in preparation.

Talks and Presentations

Knowing Value Logic with Background Theories Oct. 18, 2026
Knowing Value, Assignment, and Dynamics (workshop), Peking University.

Knowing-Value Logic with Successor Arithmetic July 2, 2026
Advances in Modal Logic (AiML 2026), University of Amsterdam.

Knowing-Value Logic with Successor Arithmetic May 12, 2026
Logic Seminar, Peking University.

Scholarships and Awards

Postgraduate Academic Scholarship, Peking University 2024–2026

Teaching Experience

Introduction to Logic Spring 2025
Teaching Assistant, Department of Philosophy, Peking University.
Answered student questions and graded assignments.

First-Order Logic Fall 2024
Teaching Assistant, Department of Philosophy, Peking University.
Led problem-solving sessions, answered student questions, and graded assignments.

Academic Service

Administrative support for graduate admissions examinations and thesis defenses.

Languages and Technical Skills

Languages: Chinese (native); English (IELTS 7.5); German (beginner).
Tools: Proficient in LaTeX; comfortable with Python.
